

Smartfood® Rainbow Popcorn

Ingredients

- 1 Bag 6 3/4 oz Smartfood® White Cheddar Popcorn
- 3/4 cup granulated sugar, divided
- 1 tbsp + 2 tsp light corn syrup, divided: Red, orange, yellow, green, blue and purple gel food coloring

How to make it

1. Preheat oven to 275°F. Line 3 baking sheets with parchment paper.
2. Divide Smartfood® White Cheddar Popcorn evenly into 6 large bowls.
3. In small microwave-safe bowl, combine 2 tbsp sugar, 1 tsp corn syrup, 1 tsp water and 2 to 3 drops red food coloring until blended. Microwave for 30 seconds to 1 minute or until sugar has melted. Pour syrup into 1 bowl of popcorn and toss to coat.
4. Prepare five more colors of syrup using the same method.
5. Spread colored popcorn out on baking sheets, keeping colors separate.
6. Bake for 7 to 10 minutes or until sugar mixture is set. Let cool completely.
7. To serve, toss all colored popcorns together in a large bowl, or layer different colors in a glass bowl or trifle dish to resemble the layers of a rainbow.
